

Amruta Bhorschetti

FASHION DESIGNER

I'm Amruta Bhorschetti, a Fashion Design student at MITADT, Pune, driven by the curiosity to create and evolve with the ever-changing world of fashion. I enjoy turning ideas into meaningful designs through storytelling, styling, and garment creation, while constantly exploring new concepts and perspectives. I'm extremely hardworking and give my 100% to everything I take on. I value punctuality and believe in learning something new every single day. I balance logic in my research with creativity and whimsy in my designs, aiming to stay relevant and forward-thinking. As a national-level rower, I bring discipline, resilience, and teamwork into my work. I'm on a journey to express the way I feel, and voicing one of a kind users through my designs.
